Opis produktu

A sunny garden hums, buzzes, creeps and crawls with life... Peep inside to see what you can find. A beautifully illustrated non-fiction picture book for very little children with lots of flaps to lift, holes to peep through and animals and insects to spot. Children can peek at the insects buzzing beneath flower petals, spot a sleepy toad hiding in a logpile and lift a lily pad in the pond to uncover lots of tiny baby newts! A charming introduction to the world around us for very young children.
